Accounting & Financial Statement Modeling Liberal Arts Seminar

Boot Camp Overview

2-day intensive training program where liberal arts students learn financial accounting, financial modeling in Excel, and technical interview prep using a hands-on, case-study approach

Boot Camp Curriculum

- **Pre-Seminar:** Excel and Accounting online crash courses
- **Day 1:** Accounting & Financial Statement Analysis; Financial Statement Modeling
- **Day 2:** Financial Statement Modeling (continued); Introduction to Valuation; and Technical Interview Prep
- **Post-Seminar Resources:** Access to accounting, financial statement modeling, Technical Interview Prep online courses. 12-month e-mail access to WSP Support Team

Wall Street Prep Advantage

- **Experienced Instructors:** All of our courses are led by practitioners with years of directly relevant real-world experience and have a passion for teaching. Our instructors understand the importance of teaching in a way that empowers students to apply the lessons from the seminar directly to interviews and on the job
- **Dynamic, Interactive Courses:** Each topic is preceded by conceptual introduction that relate academic coursework to the hands-on step-by-step exercises students undertake on their computers in class. The boot camp is a synthesis of Excel modeling, navigating through various financial reports, and the application of accounting and corporate finance
- **Monthly 90-minute webinars:** Advanced accounting and modeling as well as industry-specific topics. All live webinars are archived and accessible by students anytime.
- **E-mail Support:** Students can connect with our team with any content-related questions as they go through our courses
