At-Large Representative

This year I would like to see ((our)) student government help form a better sense of community throughout the Colorado College student body through continued collaboration with campus groups and organizations. I would like for more people to understand the importance of student government in our lives at CC and how SGA really CAN benefit every student. I would like to increase awareness about diversity and the role that it plays in our community as neighbors and peers.

In high school I was an active member of student government, serving as student body Vice-President my senior year. My past two years at CC include serving as Slocum Representative my freshman year, Co-Chair of Empty Bowls (#1 student fundraiser for the CC Soup Kitchen) since my freshman year, Member of Student Conduct Committee going on my second year. I was also an RA in Loomis my sophomore year.

My time commitments beside class include my work study job, student conduct committee, and Co-chairing Empty Bowls. I do not plan to study abroad this year.
