

# SUMMER IN JANUARY

## 2017–18

### Timelines and Deadlines For Summer Opportunities

#### SUMMER SESSION

- Apply for on-campus financial aid before Monday, Feb. 19
- Apply for summer housing before May 1
- Apply for summer independent study courses through the Summer Session website. Wild Card and Summer Session financial aid cannot be used for an independent study course.

For more information on course registration and important dates please visit the Summer Session website: [www.coloradocollege.edu/summer](http://www.coloradocollege.edu/summer)

#### SUMMER RESEARCH

If you are interested in participating in research this summer, talk to your professors now and find out what research projects they are planning for the summer. Start planning early – deadlines for summer research vary by department, but many professors begin to identify and select their summer research students in January and early February.

Campus housing scholarship applications through the Office of the Dean will open after Spring Break. The stipend for a full 10 weeks of summer research is \$4,000.

#### CAREER CENTER

**Internship Funding Awards:** Open to all students returning for at least one semester in Fall 2018. Application materials will be posted on Summit in January, with applications accepted beginning February 19, 2018. The application will remain open until all funds are awarded.

#### COLLABORATIVE FOR COMMUNITY ENGAGEMENT (CCE)

**Davis Projects for Peace:** The Davis Projects for Peace is a \$10,000 grant that supports students in implementing grassroots summer projects — anywhere in the world — that promote peace and address the root causes of conflict among parties. The proposal process occurs from Block 2-4 each year, with the final proposal due mid-December.

**CC Student Farm Internships:** Interns take responsibility for the CC Farm during the growing season and learn about sustainable agriculture through the practice of growing food. Applications are due on the second Friday of Block 5, February 22, 2018, and can be found on the CCE Summit site: [www.coloradocollege.edu/offices/cce/](http://www.coloradocollege.edu/offices/cce/).

#### NATIONALLY COMPETITIVE FELLOWSHIPS AND SCHOLARSHIPS

Deadlines for summer opportunities vary from October through March. Please consult [www.coloradocollege.edu/offices/scholarships-and-grants/](http://www.coloradocollege.edu/offices/scholarships-and-grants/) for details or stop by the Advising Hub in Tutt Library 230A for more information.

#### THE PUBLIC INTEREST FELLOWSHIP PROGRAM (PIFP)

- Paid summer fellowships (\$4,080 for 10 weeks)
- Progressive social sector organizations that work for systemic change
- Meaningful, high-impact work
- Built-in cohort, mentoring, training, and networking
- For CC students only
- Hours count toward CC's Community Engaged Scholars Program

PIFP is a great opportunity to get paid while making a difference with a well-respected public interest organization — and also to explore career options, learn about yourself in a professional setting, gain significant skills, and build your resume along the way.

Find out more: [www.ccpublicinterest.com](http://www.ccpublicinterest.com)

Go to “Become a PIFP Fellow” page or contact [iani.hinkle@coloradocollege.edu](mailto:iani.hinkle@coloradocollege.edu). Applications for Summer 2018 fellowships are due January 31, 2018.

#### VENTURE GRANTS AND LIFE OF THE MIND GRANTS

For both Venture Grants and Life of the Mind Grants, apply during the Spring Semester (Blocks 5, 6, 7, and 8, as funds remain available) for summer project support.
